MESSAGE FROM THE ADVISORS

I am very much overwhelmed to be a part of Arete Senior Secondary School, Hailakandi which is run by Arete Educational Trust, Hailakandi. The institution has started its journey from the session 2020-2021. The educational system should be focused at the all round development of the students so that they are capable of competing in all the global challenges in whatever field they opt for. The process of teaching and learning should not restrict the students to only the curricular and co-curricular activities but should go beyond these to ensure success in all aspects. The campus is very energetic and it will provide a platform to the students to exhibit their academic, technical, cultural, and sports talents. I wish that the institution will impart the best of the knowledge to its students with a desire and ability to learn, lead and excel in order to make them responsible citizens. I appeal that this institution will work for the well being of the society and wish them success ahead.

Prof. J.H. Mazumder

(Former HOD, Department of Botany, S.S.College, Hailakandi)
Chief Academic Advisor, Arete Senior Secondary School, Hailakandi.

Arete Senior Secondary School is possibly the first institute of its kind in Hailakandi district in providing impeccable infrastructure with very experienced and committed faculty members. I say it humbly with prudence of my past experiences of long association to many well known institutions in the district that Arete Senior Secondary School could be younger in age but taller in all other aspects to any other institutes in the vicinity. Excellence is the utmost priority of the institution and making the students competent with knowledge and skill to succeed in all aspects is its prime objective. I wish this institution will definitely fulfill the dreams of our future.

Dr. Abul Fazal Mazumder (M.Sc., B.Ed., SLET, Ph.D)

Academic Advisor, Arete Senior Secondary School, Hailakandi.

Education is the ability to meet life situations. With resistance and diligence laced with knowledge and intellect, one can soar to any extent one desires. I myself is very happy be associated with Arete Senior Secondary School, Hailakandi and I hope that this institution will not only produce good results but here the bright young men and women will become equipped enough to strike in to the world with an all round development of personality. Definitely this institution will produce global leaders who are confident, smart, intelligent, gifted and engaged in life from physics to football.
